## WE ARE HARD COR

Once again the Safety Program and Management Systems and of Davidson Enman Lumber have passed the rigorous audit inspection of the Partnerships in Injury Prevention and have retained our Certificate of Recognition. (COR) for another three years. Our certifying partnership is through the Western Wood Truss Association [www.wwta.ab.ca](http://www.wwta.ab.ca). however the safety audit encompasses all facets of our operations. Our Safe DE Team is comprised of, Dennis Gonyea, Richard Stewart, of the Calgary Yard; Dean Lang, Mark Mackenzie, Tyler Orton, of Cochrane Distribution; Nino Dacosta from the Truss Division and lead by Cochrane Distribution Manager Jim MacNeil, have done an outstanding job, to ensure that our Health and Safety Policy and programs are being properly carried out. Of course all of our employees are to be commended for accepting the challenge and the responsibility to work safely each day. Fortunately, retaining our Certificate for another term does not mean that we stop here, as the Safe DE Team is already formulating an Audit action plan to continue the good work and continue to make improvements wherever we are able. Please work with our Safe DE Team, our management and employees and direct any mutual safety concerns you may have to; [safetydirector@delumber.com](mailto:safetydirector@delumber.com) If your vendors are not taking safety seriously and do not possess their COR, shouldn't you ask them why? Safety should be everyone's concern, and they should be able to prove it.

## CALENDARS

Once again the biggest and the best of all wall calendars have arrived to be distributed to the offices, shops, job trailers and other locations of our valued customers. This years' edition of the annual D&E Calendar, features the extra large size of 31" x 42". The large print makes it so easy to read and features a daily numbered countdown of the 2009 year. There is ample room provided to conveniently write down notes, deadlines or other important information on the monthly tear away sheets. The art work picture features a beautiful, western themed, Charles Marion Russell print entitled "An Unscheduled Stop" also know as "Innocent Allies" If you are not on the list to receive our wall calendar, and would like to get in line, then get on line for one of the extras. You can also have your company name placed on the delivery list for next year, contact [promotions@delumber.com](mailto:promotions@delumber.com) on our website.

## SEASONS GREETINGS

The owners, management and staff at Davidson Enman Lumber Ltd. would like to extend to all our valued customers and PROLINES readers, best wishes for this holiday season. In lieu of sending out Christmas Cards, donations are being made to several local registered charities that provide a positive influence on the quality of life and care, in the communities we live and work in.

## BAR DE QUE WRAP UP

Well pardner, the season is almost over, however we will still be running a few more BAR DE QUE events in the winter, if the weather permits and your interest continues. The response to our sales promotion and hospitality event once again was an over whelming success and to date this year we have hosted close to 50 functions and have served over 4,000 Spolumbo Sausages and buns as well as all the fixings, to our many good customers and friends. We hope that you enjoyed the festivities and we can come back again next season. We would like to thank our grill master, "Bar-De-Que-Bill" a.k.a. **Bill Porter** for the great job he did for us this year. Next year we will be raising the "BAR" so keep our promotion and a date in mind and **book early online** or through your D&E contact, so you won't be disappointed. We are expecting to have "OLD 4DE8" up and running to compliment our event with a little music and a lot of class, with more details coming in the next few months.
